BIG PARADE TONIGHT TO HONOR GOMPERS

More than 50,000 representatives of labor will participate in the parade and pageant tonight in honor of Samuel Gompers, veteran president of the American Federation of Labor, it was estimated today.

"It will be the greatest labor pageant and parade Washington has ever seen," declared John R. Colpoys, chairman of the committee of arrangements. "The response has surpassed all expectations."

Final arrangements for the parade were made last night at a meeting of the Central Labor Union in Musicians' Hall, 1006 E street. A score of labor unions, which had not registered for the parade, joined the movement last night. Two thousand employees of the Washington Terminal Company will take part.

All of the marchers will carry red lights and elaborately decorated floats to represent the different trades will be featured.

The parade will form at Seventeenth and B streets northwest. It will be headed by a platoon of police and soldiers and will march down Pennsylvania avenue to the Peace Monument and thence to Union Station plaza where the marchers will disband and gather at a mass meeting in Liberty Hut.

Addresses commendatory of the work of Gompers, will be made at the meeting. Gompers will reply and another of the principal speakers will be Frank Morrison, secretary of the federation.

James J. McCracken will be grand marshal of the parade and organist, which he and John B. Colpoys arranged.

The revenue is put at 1,168,650,000 pounds and the expenditures at 1,642,295,000 pounds. The chancellor stated that Great Britain owes the United States \$542,000,000. (According to the present rate of exchange the English pound sterling is worth about \$4.16 in American money. Its normal pre-war value was \$4.86.)

For Itching Eczema Old Sores and Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema; to stop the itching at once and any reliable druggist will cheerfully refund your money if PETERSON'S OINTMENT doesn't do everything I say it will."

William A. Carley of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little boy suffering terribly with eczema. It did the work."

Then there is Alex. Louttel, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best ointment entirely healed the sore quickly." And from over in Canada comes a letter from A. Blockey, stating: "The best thing I ever hit for itching piles is PETERSON'S OINTMENT." A big box for 35 cents.

People's Drug Stores will supply you under guarantee of money back if not satisfactory.

URGES SUPPORT FOR JEWISH DRIVE

Calling upon all Jewish men in Washington to support the membership drive launched this week by the Y. M. H. A., of this city, Judge Strausburger, local chairman of the Jewish Welfare Board, today issued a statement, setting forth the plans of the local organization toward the establishment of a real Jewish community center for this city. Judge Strausburger stated that he saw in the Y. M. H. A. center a natural well-spring of Americanism, and that he was convinced of the possibilities of the organization to sustain a wholesome, loyal, intelligent American Jewish manhood.

"Washington, in common with other cities, lacks a Jewish consciousness," Judge Strausburger said. "The Jews of this city have not yet come to realize that which is the undisputable fact—that the good Jew is the better American. During the war they gave their loyal aid to the Jewish Welfare Board, and just as liberally they stood back of the Red Cross and other war welfare agencies. They appreciated the tremendous importance of keeping up the morale of those that were engaged in the war. They understood how necessary it was that the young men find wholesome companionship and entertainment in

camp, education advantage and opportunities to feel the invigorating influence of their religion. But, now that our war problems are nearing an end, the Jews of this city must not lose sight of the fact that their responsibility toward their young manhood has not ended."

Millions of people know that it is needless to be bothered with indigestion, dyspepsia of a disordered stomach. A few tablets of Pape's Diaprepain neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diaprepain now! Don't stay dyspeptic! "Now, Sir Thomas Dale sent an embassy to Powhattan to ask him for the hand of his favorite daughter in marriage. The message was delivered by Ralph Hamor to the Emperor, who solaced himself with a pipe and listened in grave silence before refusing on the ground that he could not give his daughter in marriage to Dale because she had been already bought by a chief for 2 bushels of Roanoke (Virginia tobacco)."

John Cooke—"Virginia."

From Indian Peace Pipe — to your cigarette!

Among the Indians, golden Virginia tobacco, when smoked in the Calumet—the Pipe of Peace—pledged the friendship of the Red Man for his White Brother.

Today, this same sun-ripened Virginia—improved by three centuries of continuous cultivation—is smoked in three-fourths of the world's cigarettes.

But only by smoking Virginia tobacco straight do you get all of its rich, mellow flavor. That's why we say, "Smoke an all-Virginia cigarette—smoke Piedmont."

Liggett & Myers Tobacco Co.

Piedmont

NOTE—Virginia tobacco, unlike foreign-grown tobaccos, has no Import duty to pay. That is why Piedmont's quality does not cost you more. Import duty does not make a cigarette taste any better. Why not get all your money's worth in tobacco quality?

National Legislation of the Meat Packing Industry

1. Will not increase the amount of meat you can buy for a dollar.
2. Will not raise more animals.
3. Will not produce more meat.
4. Will not stop fluctuations in live-stock receipts or prices.
5. Will not increase the output of the packing houses.
6. Will not prevent strikes.
7. Will not reduce transportation charges.
8. Will not reduce the retailer's cost of doing business.
9. Will not increase the demand for the cheaper cuts of meat.
10. Will not lessen the consumers' demand for expensive delivery and credit service.
11. Can not at the same time raise prices paid farmers for live stock, and lower prices paid by consumers for meat.

But the slowing up of efficiency due to cumbersome governmental routine will have the effect of increasing the manufacturing charges between the cost of live stock and the cost of meats, thus forcing lower live-stock prices of higher meat prices.

The packing industry as now conducted, is characterized by keen competition, highest efficiency, and unusually low profits.
